Pace University Career Services
Annual Graduation Outcomes and Internship Report 2010

Overview:
Pace University’s Career Services department prides itself on collecting and reporting yearly graduation outcomes in the form of an Annual Report. This data is used to summarize placements (both fulltime and internships), salaries and continuing education plans for each graduation class. The survey is conducted at cap & gown pick up sessions in May, through mailings that are sent out after each of the 3 graduation dates (January, June & September) and then another follow-up mailing to all non-respondents 3 months after the initial mailing, followed by phone calls that are conducted by RuffaloCody Call Center from December through April.

Despite a very slow economic recovery, Pace students were fortunate to have access to over 3,000 full-time jobs and over 2,800 internships that were posted on e Recruiting, our dedicated student job board. This represents more than a 10% increase from last year’s postings. Pace University’s strong commitment to internships and other practice-based experiences give our students an advantage in a difficult job market. In fact, data just collected on Pace’s class of 2011 indicates an undergraduate employment rate (at graduation) of 12% above the national average. Graduates from the class of 2010 who entered the job market with experience gained through an internship, clinical, fieldwork or student teaching fared best. These students had a 21% higher full-time placement than those that had not completed an internship.

67% of students who responded to our graduation survey were employed, up 5% from last year; even though the national unemployment rate was over 10%. More than half of all Pace undergraduates with reported employment had secured their jobs on or before commencement and 82% were in jobs related to their field of study.

This report summarizes the employment highlights of the Pace Class of 2010 including internship activity from 2009-2010 with detailed school reports. Data is based on a 53% overall response rate to the graduation survey.

Highlights:
• Overall Placement Rate: 80% of Pace graduates (both bachelor and master degree recipients) reported full-time employment and/or graduate/professional school enrollment within six to nine months of graduation. This represents a 10% increase from the class of 2009. 67% were employed full-time, a 10% increase from 2009; 82% were working in positions that related to their field of study.
  o Undergraduate Placement Rate: 73% were employed or going to graduate school (60% full-time employment; 20% continuing their education; 7% were engaged in both). 51 graduates were enrolled at Pace for post-baccalaureate studies and 5 at Pace Law School for their JD degree.
  o Master Level Placement Rate: 82% were employed or enrolled in further studies (77% full-time employment; 9% continuing their education; 5% were engaged in both). More than 80% of Seidenberg and Lienhard were employed.

• The median base salary for bachelor degree graduates was $45,000. The median base salary for master degree graduates was $55,000. 5% of graduates reported signing bonuses.
• **95% of the 5 yr combined degree BBA/MBA graduates in public accounting** were employed with a median salary of $56,000; 14% higher than the national average for BBA accounting; 10% higher than national median salary of recent MBAs according to NACE.

• **77% of the Class of 2010 undergraduates who completed an internship obtained full-time employment.** 56% of undergraduates completed an internship, practicum, clinical or student teaching experience, up 24% over last year. 34% of interns received job offers from their employers, 86% accepted the offer.

• **40% of Pace graduates obtained their jobs through a Pace-related service or activity up 10% from last year.**

• **Organizations employing 2010 graduates included:** the “Big 4” accounting firms, American Express, Bank of New York Mellon, Barclay’s Capital, Credit Suisse, Federal Reserve Bank of NY, JP Morgan Chase, Kraft, Mount Sinai Medical Center, New York Presbyterian Hospital, UBS, Verizon, Westchester Medical Center, White Plains Hospital

• **1,933 university sponsored internship & fieldwork experiences were completed by 1300+ students in 2009-2010.**
  - 889 internships were for experience only; 1044 were for academic credit; 72% were NYC students; 28% were Westchester students; 26% were international students.
  - 1171 were undergraduate placements; 762 were master’s degree placements
  - 61% of internships were paid; the average salary for Bachelor degree candidates: $15.31/hr; Master degree candidates $16.62/hr.

**How we obtained the data:**

• Information was obtained from an annual graduation survey that is routinely conducted at Cap & Gown pick-up on all campuses (totaling 8 sessions); then subsequent mailings to all confirmed graduating students, phone calls, and emailing employer contacts as well as follow-up calls to over 1000 students conducted by the BuffaloCody Call Center at Pace.

• 53% of the graduating students provided postgraduate information (56% undergrad and 50% grad). 53% of them provided salary information.
