

Pace University Custom Gowns

Official Custom Graduation Gown Program

Pace University has an official custom graduation gown program, creating a commencement experience that sets apart Pace University and its graduates. This exciting new program was implemented at the 2007 spring graduation ceremonies.

The customized program allows Pace University to continue its long-standing tradition of giving students top-quality graduation gowns and accessories. Herff Jones, the nation's oldest and most respected manufacturer of graduation regalia, is the exclusive supplier for this program. They have been providing top quality products to universities across the country for more than 80 years,.

The custom gown uniquely signifies the Pace experience through the use of school colors and seal and instantly differentiates a Pace University graduate from any other graduate. Gowns at Pace are royal blue with gold panels and collars. Each gown bears the Pace University seal as well.
