

Student Instructions

Congratulations Class of 2013!

Please click below to view and download your respective student instructions for commencement day. In addition to day-of instructions, you will find information about transportation and parking.

Due to heightened security measures at Radio City Music Hall, we ask that all New York undergraduate and all graduate students and guests arrive 15-30 minutes earlier than the time listed in the instructions. All students and guests should expect to have their bags searched and be scanned with a security wand.
