Assistant Professor, Mathematics  
Dyson College of Arts and Sciences  
Pace University

The Department of Mathematics within the Dyson College of Arts and Sciences of Pace University invites applications for an anticipated tenure-track position at the rank of Assistant Professor to begin September, 2015. The position is located on Pace University’s downtown New York City campus. The Department currently consists of 7 full time and 26 part time faculty members and provides courses for mathematics majors, the General Education Core Curriculum, and students in majors requiring additional mathematics/quantitative courses in all of the colleges and schools of the University.

Applicants should have an earned Ph.D. or equivalent in statistics or in mathematics with a specialty in statistics. The successful candidate will teach statistics and probability courses, as well as other mathematics courses, to students in various majors, including mathematics. The candidate must have a commitment to develop and use innovative statistical methods in support of interdisciplinary research in the natural and social sciences and have strong analytical and data mining skills. The successful candidate is also expected to develop a research program that includes undergraduate mathematics majors.

Interested candidates must submit a letter of application, vita, and the names of three references to: statsearch@pace.edu. Please include a list of all courses taught as well as pedagogical practices used in teaching. Review of applications will begin immediately and continue until the position is filled. Applications received by January 15th will receive full consideration.

Pace University is an Equal Opportunity, Affirmative Action employer. Minorities, women, veterans and individuals with disabilities are encouraged to apply.
