

Droid: Exchange E-mail Configuration

Introduction

This document contains set up instructions to configure an Exchange account on your Droid.

1. Begin by touching the **Email** icon from the *Applications Menu* of the Motorola DROID.
3. Type in your email address and password. If you want this to be your default email account then check the box.
5. Touch **Next** to proceed.
7. Continue by touching **Exchange Account**.
9. Enter *pace\username* for **domain\username**.
10. Enter your Pace Portal password for **password**.
11. Enter email.pace.edu for **Exchange Server** and touch **Next**.
12. Ensure **User secure connection (SSL)** and **Accept all SSL certificates** are checked then touch **Next**.
13. Touch the **Email Checking Frequency** dropdown box and select the desired frequency.
14. Touch the **Amount to Synchronize** dropdown and select the desired amount. Touch **Next** when done.
15. Enter an account name and outgoing message name then touch **Done**.
