"Lubin's BBA/MBA Accounting program has created opportunities for me to learn from highly qualified professors, receive internships, travel abroad and

build a network of successful professionals. In the classroom, I've met students from other countries, entrepreneurs with a resume of privately owned businesses and successful employees of major corporate firms. I've personally interned with Morgan Stanley, MetLife and PwC and currently have a full-time offer a year before I graduate. In addition, I've had the opportunity to travel to China for an international accounting field study, partially subsidized by the Figueroa Family Fund. I'm incredibly happy I chose Pace University to study business and feel prepared for future business positions."
