It’s a fact.
The majority of Lienhard’s nursing majors pass their licensure exams the first time. And go on to get great jobs.
The Pace Advantage:
Superior professional education combined with two strategic New York locations and robust financial aid.
No wonder. When you start your first hands-on clinical experience beginning your second year, you’ve got three years to practice what you learn. And practice makes perfect.

When you get the chance to put your education to work almost immediately, you learn faster—and remember more.

Lienhard nursing students start their first hands-on clinical experience a year earlier than in most other nursing programs. By the time you graduate, you’ll feel right at home in the hospital or clinical setting. And just imagine what your résumé will look like when you can list clinical experiences at The Mount Sinai Hospital Center, New York Presbyterian, Westchester Medical Center, or any one of dozens of other outstanding medical institutions throughout metropolitan New York.

What about the Pace classroom? Our faculty is among the best. In fact, four Lienhard nursing professors are Fellows in the American Academy of Nursing, a prestigious association with just 1,500 members worldwide.

Pace University allows students to start their nursing courses during their first year of study, while many other colleges don’t let students begin their nursing courses until their junior year.
It’s intense and demanding. But it pays off. Just ask Sarah Wood ’09.

When nursing major Sarah Wood first came to Pace for orientation, she barely said a word. But after just one year, she became a tour guide and couldn’t stop talking about her experiences. “When I’m asked about the nursing program, I tell prospective students that it’s intense and rigorous. There are no better words to describe it. But I also tell them it’s worth it because most nursing students at Pace pass their licensure exam the first time they take it.”

Clinicals start a year earlier than most programs.

Why do Pace’s senior nursing students do so well? Sarah attributes it to the dedicated professors, a hands-on classroom learning environment, and clinicals that start in your second year. “When you’re in the hospital, your learning increases exponentially. You’re able to associate something you need to remember with something you actually did. Fortunately, our clinicals start a year earlier than they do in most programs.” But rest assured, Sarah says, “there’s always time for fun.” Before she started her clinicals this past fall, she took a Pace travel course and spent a month in Rome. “I had the time of my life. It was an amazing learning experience.”

Alumni Snapshot
Carolyn Osborn ’08
Registered Nurse

“Between the nine clinical rotations and my two senior preceptorships, I felt more than prepared to start my career as a registered nurse. In my interview, I was able to share the experiences I’ve had and the skills I’ve learned in a variety of specialties. I was not only offered a job—I got a sign-on bonus!”

Lienhard Points of Distinction:

- Pace’s Family Nurse Practitioner Program, one of the first in the nation, was ranked 9th in the country by U.S. News & World Report in 2009.
- Recent Lienhard graduates earn about $69,000 per year.
- We also offer the first nurse-managed, nurse-run, campus-based health service.
- Pace and the Lienhard School of Nursing have a proud tradition of civic engagement, demonstrated by our affiliation with numerous local hospitals with which Lienhard students work and volunteer.

The Four-Year BS in Nursing Admission Dates
Regular Admission February 15, 2010 for fall 2010

Lienhard has partnered with the Veteran’s Administration New York Harbor Healthcare System to establish a VA Nursing Academy, one of only 15 partnerships in the country.
Combine top-notch coursework with world class hospitals

At Pace University's Lienhard School of Nursing you'll not only be able to start your first hands-on clinical experience in your second year, you'll also get the opportunity to work at such outstanding health care institutions as Westchester Medical Center, The Mount Sinai Hospital Center, Northern Westchester Hospital, and the Visiting Nurse Service of New York. And you learn through exposure to cutting-edge theory, technique, and technology.

With these advantages, you'll be ready to move on to a full-time job when you graduate. And with your degree from Pace, you won't have any trouble finding that great opportunity.

Lienhard’s BSN/MS or MA combined accelerated degree program is one of the oldest in the country.
Pace Westchester

Located in Pleasantville, New York, Pace’s Westchester campus offers a traditional college experience with state-of-the-art science labs and video production facilities, competitive athletics, and access to internships at *Fortune* 500 companies in Westchester County. Pace Westchester is set on 200 acres with seven residence halls, an environmental center, a fitness center with an Olympic-sized swimming pool, athletic fields, and a student center.

Travel to the nearby village of Pleasantville and enjoy a host of unique retail shops, fine dining, and the acclaimed Jacob Burns Film Center. But don’t let the serenity fool you! You are surrounded by a wealth of medical centers and are just 30 miles away from the heart of New York City. This affords you the chance to participate in our unique internship program and start combining classroom theory with on-the-job experience—while earning a salary.

How well does Pace prepare you?

Ask some of the employers hiring our nursing graduates:

- Hudson Valley Hospital Center
- Memorial Sloan-Kettering Cancer Center
- Montefiore Medical Center
- The Mount Sinai Medical Center
- LIJ North Shore Healthcare System
- Northern Westchester Hospital
- New York Presbyterian
- Vassar Brothers Hospital
- Visiting Nurse Service of New York
- Westchester Medical Center
Students are attracted to Pace by the tremendous diversity offered on both of our campuses. This diversity gives you the opportunity to grow in an international greenhouse of thought, helping you gain a greater perspective on the world. You’ll be prepared to take off for a new country should you decide to take advantage of our extensive Study Abroad program. And you’ll be ready to take on the diverse world in which you’ll live and work after you leave Pace.
Financial Aid

To help make college more affordable, Pace offers an extensive financial aid program to its students.

- **95%**: Percentage of first-year students who received some type of financial aid
- **$211 million**: Amount of aid Pace students received last year
- **$15,435**: The average amount of institutional aid offered to all new undergraduate admits
- **$4,000-$17,000**: Range of merit-based awards

Financial assistance can come from many places, including scholarships, grants, on-campus employment, and loans. Our goal is to offer every student as much financial assistance as possible. University-sponsored scholarships are awarded to students on the basis of academic merit, service to the community, and financial need. Merit-based aid is based on SAT scores, high school GPA, extracurricular activities, and other factors. Need-based aid is based on academic qualifications and demonstrated financial need.

To apply, complete the Free Application for Federal Student Aid (FAFSA). Consideration for funds is given on a first-come, first-served basis, so students are encouraged to submit applications **before February 15**.
