Total Completion Program Credits: 11

Students who complete all requirements of the program will receive a Master of Science in Physician Assistant Studies (MSPAS).

With faculty co-authorship (Denise Rizzolo PhD, PA-C), students have the opportunity to submit their literary works and many are published:

- Kelly Porta, PA-C MSPA "Preventing group B streptococcal infection in newborns." JAAPA: March 2015
- Jyoti Narang-Master "Managing localized unresectable hepatocellular carcinoma." JAAPA: January 2015
- Eric Rymal "Gout: A comprehensive review." JAAPA: September 2014
- Kathy Clift "Vaccines myths and misconceptions." JAAPA: August 2014.
- Krysta Tannery, PA-C, MSPAS
- Anita Hariprashad, PA-C, MSPAS
  "Acute respiratory distress syndrome: An overview for physician assistants." JAAPA: September 2013
- Stephanie Apanah, PA-C, MSPAS
  "Sickle cell disease: Taking a multidisciplinary approach." JAAPA: August 2013

Completion Program Facts
- All classes, including tests and exams, are completed online.
- Classes begin every January.
- The courses in the program are to be taken consecutively, with completion being approximately one year from the starting date.
- Students who complete all requirements of the program will receive a Master of Science in Physician Assistant Studies (MSPAS) in four semesters.

What is the Master’s Completion Program?
The Completion Program allows currently certified PA graduates with a bachelor’s degree to return to school to complete a Master of Science degree (MSPAS). All courses are taught online. This flexible program allows you to build on your professional experience and achieve your terminal degree in a way that suits your schedule.

What are the benefits?
Obtaining a master’s degree will give Physician Assistants the added credentials and flexibility to enter educational, administrative and research fields of study. Additionally, our four national organizations: AAPA, NCCPA, PAEA, and ARC-PA have issued a joint statement on degrees for physician assistants. The statement adopted by all in 2009 endorsed the master’s degree as the entry-level and terminal degree of the profession.

Get your Master’s degree
Part-time and online.

Tuition and Fees*
$1,113 per credit $12,243
General Institution Fee $137/sem
Technology Fee $50/sem
Total $12,891*

*estimated cost, all costs subject to change at any time
