The Seidenberg School of Computer Science and Information Systems at Pace University invites outstanding applications for full-time tenure-track faculty positions at the rank of Assistant Professor or Associate Professor in Computer Science, Software Engineering, Information Systems, and Information Technology.

The candidates must demonstrate evidence of outstanding teaching, scholarly accomplishment, service and funding activity. The candidates are expected to lead high-quality instructional and scholarly research activities, play a major role in the development of academic programs and students’ advisement, and establish and maintain professional relationships. The candidates are also expected to develop or have developed a nationally and internationally recognized research program in his/her area of expertise in one or more relevant disciplinary areas. The successful candidates will have strong communication skills. Salary is competitive and commensurate with qualifications.

Positions are open in the following areas of interest and academic disciplines:

**Computer Science** - Candidates must possess a Ph.D. (or equivalent) in Computer Science. Priority will be given to applicants with research expertise in:
- Cognitive Science
- Data Science
- Networking
- Human-Computer Interaction
- Cyber-security
- Physical Computing
- Mobile and Ubiquitous Computing

**Software Engineering** - Candidates must possess a Ph.D. (or equivalent) in Computer Science or Software Engineering. Priority will be given to applicants with research expertise in:
- Software Security
- Data-intensive Software Engineering
- Cyber-physical Systems
- Testing and Quality Assurance
- Software Design and Architecture
Information Systems / Information Technology - Candidates must possess a Ph.D. (or equivalent) in Information Technology or Information Systems. Priority will be given to applicants with research expertise in:

- Security and Privacy of Information and IS/IT
- Decision Analytics and Support
- Social Media and Digital Collaborations
- Sustainability and Societal Impacts of IS/IT
- E-Business and E-Government
- Human-Computer Interaction
- IS/IT Design and Business Process Management
- IS/IT Governance and Control
- IS/IT Strategy and Organizational Impacts
- IS/IT Implementation, Adoption and Use
- Managing IT Projects and Development

The anticipated positions will start in fall 2016. Applications will be accepted until the position is filled. Please submit a cover letter, curriculum vitae, statement of teaching philosophy, and research plan in a single PDF file, and arrange for three letters of recommendation to be sent to Seidenberg-Search@pace.edu. The title of the email with your application should include the academic discipline and research area(s) for which you applied. The review process will begin on February 11th 2016.

Established in 1983, the Seidenberg School of Computer Science and Information Systems is one of the first comprehensive schools of computing in the country. Operating on both its NYC and Westchester campuses, the School offers ABET-accredited bachelor degrees along with Masters and doctoral degrees.

Pace University is an Equal Opportunity, Affirmative Action employer. Minorities, women, veterans and individuals with disabilities are encouraged to apply.
