**Transfer Institution**  

- **Level:** 01  
- **Acceptable Hours:** 21.000

**PACE University**  

- **Level:** 01  
- **Earned Hours:** 17.000

Please note that this course-to-course evaluation is tentative and has been prepared by an Admission Counselor to identify the courses that are transferrable to Pace University. This evaluation is not official. It is subject to change once course equivalencies have been determined. Please see reverse side for an explanation of terms.
EXPLANATION OF TERMS

1. Acceptable Course Hours: Only courses where grades of “C” or better were received are considered acceptable. If the previous institution attended was on a quarter hour system, a conversion of hours will be done to reflect the proper number of semester credits for each course. To convert credit hours to the semester system from the quarter system, multiply by 0.667 (example: 4.5 quarter hours x 0.667 = 3 semester hours).

2. Pace University Earned Hours: Number of credits for courses completed at previous institution that have been accepted and applied to your current major. Changing your major will require a re-evaluation of your transfer credits.

Note: Where there is a difference in credits between a course completed at a previous institution and a comparable Pace course, this difference is indicated on the major worksheet as either a credit deficiency or a credit surplus. Deficiencies and surpluses will be made up or applied as an equal number of General/Open Electives or Inquiry & Exploration credits.

3. Business Core: Credits applied to the Business Core for majors in the Lubin School of Business.

4. Inquiry & Exploration: Credits evaluated as Inquiry & Exploration include any course in the arts and sciences that can be applied to the University Core Curriculum. Courses in business, computer science, education, health and physical education, and nursing cannot be included in this component of the University Core Curriculum.

5. General/Open Elective: Credits evaluated as General/Open electives include any elective course not recorded as Inquiry & Exploration. No more than two credits of Health and Physical Education are transferable towards a Pace degree.

6. Pace Equivalent Comments: These transfer credits cannot be applied to your major or require further action. Please review comment definitions below:
   (a) Sent to Dept for Eval: Course description from the school/college’s catalog has been sent to the appropriate chairperson for departmental review.
   (b) Submit Syllabus: Submit the course syllabus for departmental review.
   (c) Excess: Acceptable credits that cannot be applied towards your current degree program.

Note: All students are required to complete a minimum of 32 credits and 50% of their major and 50% of their minor requirements at Pace. Please see the corresponding Undergraduate Catalog for more information on residency requirements.

If you have any questions about your transfer credits, please contact the Pace University representative below who evaluated your transfer credits.

NOTE:
☐ No more than 96 credits can be accepted from a 4-yr institution. ☐ No more than 68 credits can be accepted from a 2-yr institution.
☐ Student must sit for Mathematics Placement examination. ☐ Student must sit for English Placement examination.
☐ Student is exempt from the Secondary Language Proficiency requirement of the University Core. Six additional Inquiry and Exploration credits must be taken for the University Core Curriculum.
☐ Student is exempt from Area of Knowledge components II, III, IV, and V of the University Core. Twenty five credits have been applied to the current major.
☐ Course descriptions and/or syllabi are required for academic departmental review.
☐ Disregard all previous evaluations.

Additional Comments: Calculus AB examination equivalent is MAT 131 at Pace. MAT 131 has been granted for the Calculus BC examination.
