ADDING AN RSS FEED

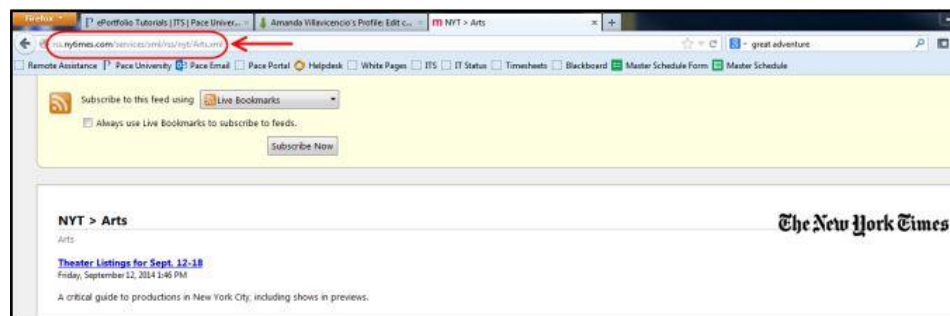

This tutorial will show you how to embed an RSS feed on a page.

1. **Find the RSS feed** from a website. Note: not all websites have RSS feeds. An orange icon with white curved lined usually indicates an RSS feed.

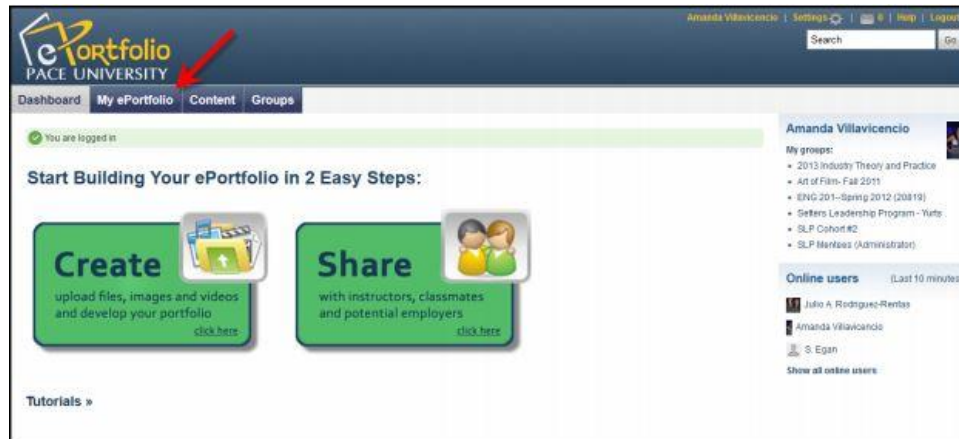

2. **Copy the feed URL** from the address bar.

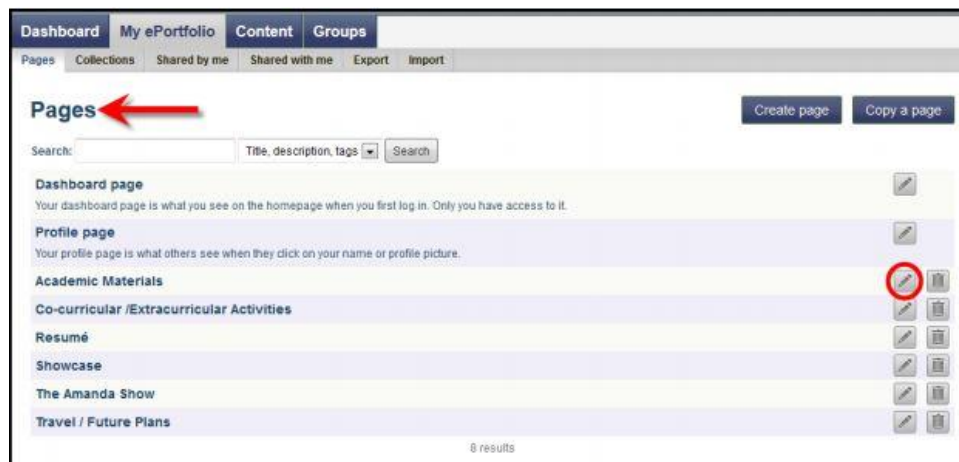

TUTORIAL

3. Log in to ePortfolio and click the “My ePortfolio” tab.

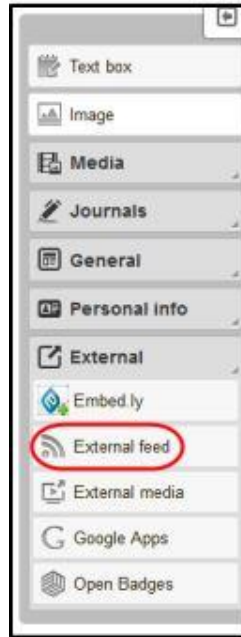

4. Under the “Pages” sub-tab, click the grey pencil icon next to the page where you want to display the feed.

5. From the list of content blocks on the left, **click the “External” menu. Drag and drop the “External Feed” icon** onto your page.

6. A dialog box will appear prompting you to **title the feed** and **insert the URL** for the feed you wish to display. **Click save.**

A 'Configure' dialog box for an 'External feed'. It contains the following fields and options: 'Block title' (with 'NY Times Arts' entered), 'feed location *' (with 'enicesa/xml/iss/nyti/Arts.xml' entered), 'Insecure SSL mode' (checkbox), 'HTTP username' (text box), 'HTTP password' (text box), 'Items to show' (set to '10'), 'Show feed items in full' (checkbox), 'Retractable' (checkbox), and 'Automatically retract' (checkbox). Red arrows point to the 'Block title' and 'feed location' fields. At the bottom are 'Save' and 'Remove' buttons, with the 'Save' button circled in red.

TUTORIAL

7. Now your feed will be embedded on your page.
