To our Friends at Pace University:

This past year, more of our neighbors than ever depended on the Food Bank for Westchester and our agencies for the most basic need - food. How grateful we are to have your support to meet that growing need. Thank you for holding a food drive and donating 102 pounds of food!

The Food Bank for Westchester provides food and technical assistance to over 265 member food programs, such as food pantries, soup kitchens and shelters, helping to feed some or all of the estimated 200,000 Westchester residents who are hungry or at risk of hunger; over one half are seniors and one third are children.

Without your generosity and support the Food Bank for Westchester would not have been able to distribute over 7.4 million pounds of food this past year. Together we are helping make our community healthier, stronger and kinder.

With thanks and friendship,
