# Ahead of the Class. At the Top of Your Game.

New York City • Westchester

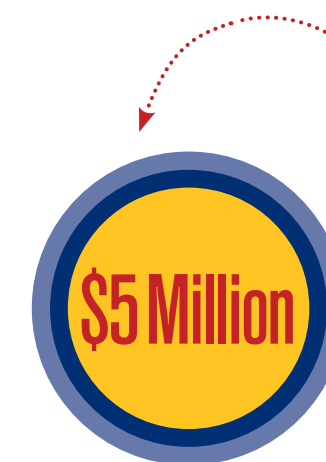

## ► School of Education. Why?

- **Outperform.** Pace fully prepares you for excellence—consistently scoring a higher pass rate on the New York State certification exam than other schools.
- **Prepared.** Practice real teaching and management skills through TeachLivE™, a virtual-reality classroom simulator. Pace was one of the first colleges in the US to use this cutting-edge technology and is currently the only school in the NYC area preparing students with it.
- **Accelerated.** Be in classrooms, in the community, or elsewhere in the field one year earlier than other schools. We'll get you where you want to be, faster.

- **Connected.** Our close partnerships and relationships with surrounding area schools give you an edge in hiring and learning opportunities.
- **Flexible.** Combine and earn your bachelor's and master's degrees in just five years total, and teach almost anywhere. Your New York State teaching certification is reciprocal in 48 states.

## ► Who hires School of Education students?

- **New York City Department of Education**
- **The Dalton School**
- **Westchester, Rockland, Putnam, and Dutchess school districts**
- **Yeshiva Alteret Torah...and more!**

**National Science Foundation  
grant awarded to Pace to create an  
environmental science curriculum  
in NYC middle schools**
