ADELAIDE, AUSTRALIA

Destination

South Australia is a sophisticated, modern and affordable place to live, work and study. The capital city of Adelaide has all the hallmarks of a major urban center with modern and classical architecture, a bustling retail hub and a multi-cultural population. Adelaide is a great choice for a semester or year abroad because it has a great quality of life but its smaller size makes it more affordable and easier to navigate than bigger cities such as Sydney or Melbourne. Traffic is rarely congested, people are relaxed and friendly, the air is clean and the skies are almost always clear. Adelaide is widely known as the 20-minute city: you can leave a lecture in the center of the city and still be at the beach or in the Adelaide Hills within half an hour. There are also plenty of festivals and events to keep you busy on weekends like, the Adelaide Festival of Arts and the Adelaide Fringe. In Adelaide students can get the true Aussie experience.
