What is the Clinical Site Agreement?

The Physician Assistant Program Clinical Site Agreement is a contract between Pace University and a hospital, clinic, physician, or other medical facility whereby the parties agree to allow a Pace physician assistant student to participate in a clinical training program at the medical facility.

When should I use a Clinical Site Agreement?

The Physician Assistant Program is the only department to use this Standard Agreement.

Are there other requirements?

Please make sure that the company complies with the insurance requirements outlined in the rider, which includes listing Pace as an additional insured on its insurance certificate. The certificate of insurance should be submitted along with the contract and rider.
