Course Focus: The International Finance Field Study incorporates a trip to UAE and Qatar. While visiting Dubai and Doha, the students will attend seminars given by corporate and investment bankers, government officials, and other financial executives. This trip will enable students to observe first-hand the political influences, economic progress, and cultural and ethnic diversities of these two countries, which once shared a common history with their Middle Eastern neighbors, but whose economic reforms and programs have placed them on different economic orbits compared to their neighbors. Students will be exposed to the two countries’ cultures, academic, business and economic environments. Prior to the trip students will attend class meetings covering topics relevant to the business visits and seminars given in the host countries.

Requirements:
• Prerequisite: FIN 260 Minimum Grade of D or FIN 301 Minimum Grade of D and junior standing for undergraduate students, MBA 648 Minimum Grade of C for graduate students
• Pre-trip class sessions: September 26, October 10, 24, November 14, December 5
**Attendance at all scheduled meetings is mandatory. **
