

# Big Numbers

## The Hard Sciences at Pace University

Students in  
chemistry,  
physics,  
or biology  
programs

GRADUATE

75

UNDERGRADUATE

471

45

Science laboratories  
at Pace

27,680

Number of hours  
per semester  
students spend in  
laboratories

145

Total number of  
microscopes at Pace

**\$2,309,684+**

Total amount of funding awarded  
to chemistry, physics,  
or biology research since 2015

16,000+

Beakers used by students  
per semester

32,530

Test tubes used by students  
per semester

580

Liters of laboratory media used  
per semester\*

\*We don't want to get too technical, but laboratory media is basically a solid, liquid, or semi-solid medium designed to support the growth of microorganisms or cells.
