

Banner 9 Navigation - Budget Representatives

This document details step by step how to navigate through **two** processes in Banner commonly used by Budget Representatives. The methods shown are designed to be applied in a generic way to other Banner 9 pages (formally called Forms in Banner 8).

The example below shows how the application searches automatically as you enter letters – by entering FGIB, we can see page options available and we select FGIBDST.

This will bring up the FGIBDST key block (see on next page)

In the FGIBDST key block:

- 1) Enter the *Fiscal Year* (if desired) or enter the *Index*:

2 press tab

- 2) Then press the Tab key on your keyboard, this will return the information from Banner and the *Organization, Program, Location, Fund, and Activity* fields will populate:

- 3) Next, either click the *Go* button at top right (3a), or alternatively, you can enter an *Account Type* (3b) and then click the *Go* button. This will now load all the records for Organization Budget Status below the key block (see on next page):
