## **Graduate Internship for Credit Criteria**

You must meet all criteria in order to be eligible for an internship for credit.

## The student must:

- Have an overall GPA of 3.3 or higher
- Have completed at least 9 credits of advanced coursework (not Core courses)
- Have at least 3 credits of remaining Specialization Electives so that a Research Project or Independent Study can be fit into the program

Students may only do **one** internship for credit in their program and it must be in their major.

Internships for credit must be paired with an Independent Study or Research Project. The student must register for one of these courses the same semester as the internship.

Once this form has been approved by OGAASD and the department, an advisor will let you know which course to register for and will write a letter of credit to the employer.
