The background of the slide is a collage of three distinct images. The left portion shows a group of people silhouetted against a vibrant sunset over a beach, with several individuals captured mid-jump. The center portion features the ancient, tiered stone structure of the Colosseum in Rome. The right portion displays the iconic Tower Bridge in London, with its two towers and suspension cables visible against a blue sky with scattered clouds.

- A group of approximately ten people, including students and a faculty member, are posed for a group photo in front of the Colosseum. The group consists of young adults of various ethnicities and an older man in a blue polo shirt, likely the faculty member. They are all smiling and looking towards the camera. The setting is outdoors, with the ancient stone structure of the Colosseum clearly visible in the background.
