Safety Alerts will contain pertinent information, and when possible and applicable, a picture of the suspect. The Safety Alerts will also, as appropriate, provide tips to assist with safety and crime prevention.

The University will issue a Safety Alert as soon as pertinent information regarding the incident is available. All students and employees are automatically signed up to receive Safety Alerts via their Pace electronic mail address. All are strongly encouraged to sign up to also have the Pace University Emergency Alert System (alert.pace.edu) contact them with Safety Alerts via a phone call to their home and/or cell phone numbers and send a text message to their cell phone. Safety Alerts will also be issued through the University's e-mail system to students, faculty, and staff, and will also be posted on the Pace University Website (pace.edu), PaceSafe app, Social Media accounts, and on campus bulletin boards.

Safety Alerts may be updated if needed as new information becomes available during the investigation. Please note that a separate Safety Alert may not be issued in circumstances where the University's emergency notifications procedures described below are followed.
