

The Society of Fellows of Dyson College is the premier honors organization in the College. The Fellows foster dialogue and scholarship across the fields of the arts and sciences through enriching experiences for students with outstanding academic and artistic abilities. Participation in the annual interdisciplinary seminar and the annual research conference provides students with opportunities to develop intellectual interests and present their work to the university community. Membership in the Society of Fellows gives recognition to an advanced level of student participation and achievement. Faculty who participate in Society of Fellows events and sponsor students also receive recognition as Fellows.

Each fall the Fellows host the Weekend Seminar where students, faculty, and alumni engage in discussions on a chosen topic in a casual, off-campus setting, usually in upstate New York. At the Society of Fellows Annual Meeting, which is a one-day student conference held in early spring, students showcase their faculty-mentored scholarly research and artistic projects. *Transactions* is the official journal of the Society. Peer-reviewed by Dyson faculty, *Transactions* publishes exceptional student research and creative expression. Once Fellow eligibility is established, applicants are approved by the Faculty Executive Board. To become a Fellow, new members are inducted at the Initiation Ceremony held at the end of the spring semester. More information about the Society of Fellows is available on the Pace University website.
