## within the Division of Diversity, Equity, and Inclusion

The Division of DEI strongly supports and advocates for student leadership opportunities. During the 2020-2021 academic year, we had 4 peer education programs: the DEI Peer Facilitators, PAASA, FIRE, and the Queerleaders.

### The DEI Peer Facilitators

The DEI Peer Facilitator program is a newly established peer education program within the Division of DEI. The most essential role of the DEI Peer Facilitators is to promote the psychological and social wellbeing of a diverse student body at Pace through ongoing peer-to-peer communication on diversity and social justice issues.

### PAASA & FIRE

Each year, student leaders are hired by the Office of Sexual and Interpersonal Wellness. PAASA (Peer Advocates Against Sexual Assault) is the peer education group on the NYC campus and FIRE (Fighting Ignorance and Rape through Education) is on the Pleasantville campus. Peer educators lead events, conduct workshops, and raise awareness for the office. They are also confidential resources and meet individually with students who have been impacted by sexual misconduct. Hiring typically begins around March in the Spring semester.

### Reflections from Queerleaders

"The QL program has given me the opportunity to be my truest self not only in this space, but in a leadership role as well. I have become more open with my identity and I have brought my knowledge from this space to the other spaces in which I am a leader. The intersectional education I have received in this program is unparalleled and continues to influence me in all of my roles."

"The Queerleader program has taught me that growth never ends, and there's always new things to learn."

"This community is always full of love and acceptance."

"I am able to use these skills in real life, educating people like my boss and my friends and it's really cool."
