

## AUTHORIZATION TO REMOVE/RELOCATE PROPERTY

**\* Indicates the required field.**

The University's property management system provides the necessary record keeping to ensure appropriate resource allocation and to reduce unnecessary capital expenses. The accuracy of our records is the responsibility of all departments. Your cooperation in completing this form will ensure the accuracy of our system and the valuable information it provides. The removal of University property (excluding maintenance/repairs) from its designated location can only be authorized via the completion of this document. Under no circumstances are individuals unilaterally permitted to remove University property that is not permanently classified as portable (i.e. vehicles, laptops, etc.). Please complete a separate form for each item that is tagged as a physical asset of the University (tags are located on the bottom or rear of items). Untagged assets (i.e. desk lamps, adding machines, etc.) must also be identified and their removal authorized through the completion of this form.

If you have any questions about this process, please feel free to contact Martin Blocker by email at [asset\\_management@pace.edu](mailto:asset_management@pace.edu) or by phone at x22758.
