

STUDY ABROAD

EXCHANGE PROGRAMS VS. PARTNER PROGRAMS

The amount of financial support you receive from Pace can have an impact on how you do your semester abroad. So, what is the difference between Exchange Programs and Partner Programs?

With Exchange Programs

- 100% of your Pace scholarships and grants apply to the semester—this is the best option if you receive a considerable amount of aid from Pace.
- However, spots are limited and the deadlines to apply are earlier.

With Partner Programs

- You can only apply up to \$12,500 of your Pace scholarships and grants per semester, meaning you may have to forfeit some of your aid.
- There are unlimited spots, and you have longer to apply.
