

The Pforzheimer Honors College Fact Sheet

The Honors College provides Pace students with a place to excel academically in a tight-knit and supportive community. The Pforzheimer Honors College offers high-achieving undergraduate scholars the opportunity to study with distinguished faculty mentors at a great university. The Honors College is a place where you can realize your greatest potential!

The Honors College is open to all majors within the Dyson College of Arts and Sciences, Lubin School of Business, Seidenberg School of Computer Science and Information Systems, School of Education, and the College of Health Professions.

Community

- The Pforzheimer Honors College is a highly esteemed community of talented undergraduate scholars studying under the distinguished faculty of a great university.
- Honors Students have the opportunity to live with their peers in the Honors FIG in Alumni Hall.
- Incoming Honors students are assigned an upper division student as a mentor
- Honors Students enjoy early housing registration privileges.
- The Honors College offers numerous intellectual, cultural, and social events for our students to enjoy, and as a way to build community. These events include: themed movie nights, Broadway shows, museum trips, weekly cookies and conversations, holiday parties, walking tours in Westchester and New York City, and more.

Academics

- The Honors College is a place to excel throughout your four years at Pace in the company of engaged students and dedicated faculty.
- Classes are innovative and engaging, and they require different work rather than merely more work; our professors are the best teachers at Pace.
- In addition to regular faculty advisors, Honors students receive specialized advisement in the Honors College who work together to help plan their individual path through their four years at Pace.
- Honor Students enjoy priority registration privileges when enrolling in classes.

Research

- By completing an Honors thesis, students engage in the type of advanced research typically reserved for graduate students.
- Honors College students are eligible to apply for \$1,000 for their thesis research.
- The Honors research and thesis experience is a building block for advanced study, future scholarship awards for research, and job placement.

Prestigious Fellowships and Scholarships

- Honors Students are carefully supported as they apply for national scholarships, fellowships, and funded research programs including Fulbright, Gilman, Watson, Goldwater, Truman, and NSF awards.

Eligibility

Entering first-year students must have a **minimum** high school average of 90, and a

minimum ACT score of 27, or a **minimum** combined SAT score of 1270 (**minimum** 570 on the verbal section and 610 on the math section) on the new SAT exam.

For those considering test optional, a holistic review of the application will be completed. A minimum gpa of 90 is still required.

Students who have completed 30-45 **credits** and have achieved a 3.5 average are also considered for **transfer** admission.
