STUDY ABROAD & "OPPORTUNITAS"

"You won't graduate on time." **False!**

"It costs more." **False!**

Why Study Abroad?

"You have to speak another language." **False!**

- Earn credit towards a degree
- A semester abroad can cost the same as – or less than – a semester at Pace, because the cost of living and housing may be lower abroad
- Be more competitive post-graduation, by developing career-ready skills that future employers are seeking (which study abroad builds!)
- Almost all of Pace's study abroad programs DO NOT require students to learn/speak a particular language
- Graduate on time and excel academically (higher GPA)
- The "Pace Path"
