PROCEDURES FOR IN DEPTH SEQUENCE OF A REQUIRED COURSE:

In completing their Core requirements, an alternative for qualified students is to explore a subject area in the Arts and Sciences in some depth. Pace students are afforded the option of concentrating in a subject area by pursuing an "in-depth sequence".

An in-depth sequence consists of at least 9 credits in a subject area within the Core, beyond Core requirements in that area and is in a field of study outside the student's major. Students build an in-depth sequence of courses, each of which replaces one course from each of the Areas of Knowledge (excluding Area One: Civic Engagement & Public Values), up to a maximum of three courses. Students may apply the in-depth sequence toward a minor in the Arts and Sciences. Courses in the sequence may not substitute for requirements in the student's school or major program.

A student wishing to pursue an In-Depth Sequence should consult with the Office of the Dean of Dyson College of Arts and Sciences in order to file an approved program for courses with the Office of Student Assistance (OSA) in advance of study.

In-Depth Sequence Subject Area: _____

Course Sequence	Credits	Course Requirements Waived	Credits

_____   _____
Student's Signature   Date   Department Chairperson (Department in which course is offered)   Date

_____   _____
Dean of Student's School   Date   Dean of Dyson College (For University Core Course Only)   Date
