

Creating Events With the 25Live Event Form

Sign in to 25live with your Pace Portal username and password to create an event. You can log in to 25live one of two ways: from the Pace homepage, click on “Events” on the top navigation bar, scroll to the bottom of the University calendar and click on “Book an Event.” Alternatively, you can go directly to the 25live main log in page by typing 25live.collegenet.com/pro/pace into a web browser.

Accessing the Online Event Form

Take one of the following actions to start creating an event:

1. Click the **Event Form** link in the top navigation bar of 25Live

OR

2. Click the Create an Event button on your 25Live home dashboard

Completing the Online Event Form

Tip: Use the Information Icon

Use the information  icon to view or hide additional help and/or instructions for any field that displays it.

Tip: Use the Left Side Navigation to access different sections of the form

The screenshot shows the online event form interface. On the left, a navigation menu is highlighted with a red box, containing the following links: Event Name, Event Title for Published Calendars, Event Type, Primary Organization, Expected Head Count, Event Description, Date and Time, Locations, Resources, Attached Files, Comments, Terms and Conditions, and Post-Save. The main form area on the right contains the following fields:

- Event Name - Required** : A text input field.
- Event Title for Published Calendars** : A text input field.
- Event Type - Required** : A dropdown menu with the text "Select from Types".
- Primary Organization - Required** : A dropdown menu with the text "Search organizations" and a "Remove" button.
- Expected Head Count - Required** : A text input field.

1. Enter Basic Information

Enter an Event Name, Event Title, select an Event Type, and select the Primary Organization that is hosting the event. All required fields are labeled.

The screenshot shows the basic information section of the online event form. It contains the following fields:

- Event Name - Required** : A text input field.
- Event Title for Published Calendars** : A text input field.
- Event Type - Required** : A dropdown menu with the text "Select from Types".
- Primary Organization - Required** : A dropdown menu with the text "Search organizations" and a "Remove" button.

2. Enter Attendance Information and Description

- 25Live can use the expected head count to find locations that can hold your event.
- **IMPORTANT:** The Event Description is very important since it will appear in the [public facing events calendar](#) on the Pace website. This is a primary way for audiences to learn about your event and generate interest.
 - Please pay attention to your event descriptions. They should be inviting and descriptive. Text in the event description needs to follow [University style](#). [Visit this website to find tips and tricks](#) for writing event descriptions that are in University style and that are accessible for vision impaired web users using screen readers and assistive technology.
 - Only confirmed events are published to the website.

If you don't want the event to be published on the calendar, pay attention to **step 10** on page 15.

Tip: Additional time is indicated by the bookmark icon

When editing an event, before you use the arrow icon to expand the Additional Time section, you can see if any additional time has already been saved for the event by looking at the bookmark icon (🔖) to see if it's filled in.

Additional time

The bookmark icon is empty when no time has been added.

Additional time

The icon is filled in when time has been added.

If the event requires Setup/Pre-Event and/or Post-Event/Takedown time, fill in times for the number of days, hours, or minutes needed. The Event Form

displays the Event Duration as well as the total Reservation Duration if you add additional time.

4. For Reoccurring Events, Choose How Your Event Repeats

If your [event has more than one occurrence](#), click the “Repeating Pattern” button and select how the event repeats. 25Live allows you to create repeating events defined as either ad hoc dates (without a pattern) or as a pattern (daily, weekly, monthly).

- For ad hoc reoccurring events, select Ad Hoc from the Pattern Picker dropdown and tap or click on the desired dates on the calendar to create the occurrences
 - You can also add additional, random dates after selecting and defining a pattern
- For a pattern repeating, select the pattern type from the dropdown and fill in with the appropriate information.

Please note that events that are set as repeating event will appear on the [public facing events calendar](#) as a single entry. If you desire for this event to appear on the public calendar, consider creating singular entries for each event.

5. Select Location(s)

You can choose whether to **Auto-Load Starred** searches or not. It's often easier to start with a [Saved Search](#).

- To create a Saver Search go to “More” at the top right, and select “Search.” Select object “Locations”. Type in your search words in the bar (e.g. Lecture Hall) and execute the search. Click on “Save As” and give the search a name.

You can also perform a search for suitable locations by entering individual location names, without a saved search.

- Check the **Hide Locations with Conflicts** or **Enforce Headcount** boxes to narrow results
 - These options are checked by default and will remember your setting to check or uncheck them

As you search, 25Live checks for the availability of location(s) at your specified dates/times.

Tip: The Event Form Can Search by Capacity

The Default Capacity field is now primarily displayed in the Event Form location search results and can be used when enforcing headcount in order to make it more useful when searching for locations.

If a location is available to **Reserve**, a green displayed. For locations that need extra approvals or permissions (such as ones that can only be requested or have conflicts), an olive-colored button that reads “Reserve Available” or a blue-colored button that reads “Request” displays. You may choose one or more available locations for your event. A selected location appears as a pending assignment in event details and in the location availability grid until you save the event.

Click one of those buttons to select a location, and a tile will appear underneath the locations list, showing the reserved/requested item.

For example, if the event repeats every Tuesday, Wednesday, and Thursday and you want to set a specific location for the Tuesday/Thursday occurrences, check only those dates. Go back to the location search to reserve for just the selected dates.

6. Select Resource(s)

You can perform a search for suitable resources by name (Catering, Security, Ed Media, Facilities). There is a resource specific to each campus: NYC, PLV and Law. Make sure you are assigning the correct resource for the campus you are requesting.

- Select and assign resources if they will be needed for your event.
 - For Catering: you can note in the comments catering will be needed if you do not have your order and/or PO at the time you are submitting the form.
 - For Security: please note in the comments any special instructions or questions for Security to follow up on (parking lot use, entry to campus for outside guests, etc.)
 - For Facilities: note furniture needed and any instructions needed for your setup. You can also upload diagrams for your event setup.
 - For Ed Media: you can only request this resource as Ed Media staff will review and approve your request. Ed Media will follow up with requestors on their needs prior to approving the request for the specified event.

Additional Tips

- Events should be submitted to 25Live at least two weeks before the event date.
- When you submit an event with a location or resource that you don't have permission to assign, the Event Preferences area in the Occurrences area of the [event details view](#) lets you know that the assignment has been saved as a preference and an assignment task request has been issued for the item.
- When you save an event in the Draft state, any location or resource assignments are saved as event preferences only.
- The event reference number is displayed when the event is saved. You can use this later to quickly find the event.
- Once you have submitted your event request, Special Events will follow up within 24-48 hours with an event confirmation (or to reach out to find alternate dates, times, or locations if we are not able to accommodate your request).
