"As an undecided student, I decided to come to Pace University because of its great internship program. The Advising Center encouraged me to explore majors and informed me about the 3+3 Program. Through this program, I will attain a criminal ju tice degree in three years and a law degree three years after th t."

Joseph Kelly, Westchester Campus

"I felt uneasy being undecided, like I didn't have a sense of direction. Taking core and Area of Knowledge classes led me to pursue a degree in economics. Currently, I am a junior economics major and finance minor. I am on the presenting team for Pace's two-time nationally winning College Federal Reserve Challenge Team, I have interned at the Trade Commission of Peru, and I am currently interning at Bank of America Merrill Lynch."

Klejdja Qosja, NYC Campus
