## Upgrading to Internet Explorer 11

Introduction

This document contains instructions for upgrading to Internet Explorer 11. Please note, after installation you will have to restart your computer. All documents should be saved and open programs closed before upgrading to IE11.

- open **Internet Explorer**
- navigate to http://windows.microsoft.com/en-us/internet-explorer/download-ie

The *download page for Internet Explorer 11* displays:

- remove check mark next to **I would also like Bing and MSN defaults**
- click **Get Internet Explorer 11**

A prompt to run or save the file *IE11-Windows6.1.exe* displays:

- click ***Run***
- click **Yes**

The Internet Explorer 11 installation will start and shortly after, it will ask you to restart your computer to finish the whole process:

- click **Restart now**

Note: Please make sure to save any open files and close programs before clicking Restart now.
