Each case is individual when it comes to citation rules. The best practice is to use material which is public domain, or has a creative commons license. Here is a document with some available resources: http://www.pace.edu/information-technology-services/sites/pace.edu/information-technology-services/files/Files/Academic_Technology/Video_Tools/DigitalStorytellingResourcesCompilation.pdf

- **Cite sources** whenever you use them. Make sure to cite them in the appropriate citation format for your field of study.
- **Do not use copyrighted content** (images, etc.) unless you have permission from the copyright holder, it is in the public domain, and/or it falls under the "[fair educational use](#)" exemption. It is your responsibility to ensure that you are not violating copyrights. For information on copyrights and fair use, click on "fair educational use" above or visit the [Electronic Frontier Foundation](#).

1. Introduction by Megan Burke is licensed under a Creative Commons Attribution-Share Alike 3.0 Unported

license.

Permissions beyond the scope of this license may be available from **Megan Burke**.

The license basically states that a user is free to:

- **Share** — to copy, distribute and transmit the work
- **Remix** — to adapt the work
- To make commercial use of the work

Under the following conditions:

- **Attribution** — You must attribute the work in the manner specified by the author or licensor (but not in any way that suggests that they endorse you or your use of the work).
- **Share Alike** — If you alter, transform, or build upon this work, you may distribute the resulting work only under the same or similar license to this one.

With the understanding that:

- **Waiver** — Any of the above conditions can be [waived](#) if you get permission from the copyright holder.
- **Public Domain** — Where the work or any of its elements is in the [public domain](#) under applicable law, that status is in no way affected by the license.
- **Other Rights** — In no way are any of the following rights affected by the license:
 - Your fair dealing or [fair use](#) rights, or other applicable copyright exceptions and limitations;
 - The author's [moral](#) rights;

- Rights other persons may have either in the work itself or in how the work is used, such as [publicity](#) or privacy rights.
- **Notice** — For any reuse or distribution, you must make clear to others the license terms of this work. The best way to do this is with a link to this web page.
