

# The Honors Council

## WHO WE ARE

The Honors Council is made up of student leaders from the Pforzheimer Honors College. The leaders of the Honors Council work directly with the Honors office and the Honors director to support the needs and desires of the community. The Honors Council is the voice of the honors community. The Honors Council consists of three committees: Programming, Public Relations, and Newsletter.

## WHAT WE DO

The Honors Council is in control of programming events, facilitating public relations with the community, and developing a twice-a-semester newsletter (The Honors Herald). The Council plans large scale events, such as ice skating, and smaller events in the lounge, such as Tuesday Tea Time. The Council helps run the Honors College social media pages (Facebook, Twitter, Instagram, and Pinterest) with the Honors office. The Council has developed social media campaigns such as Bill's Wednesday Words of Wisdom.

## PROGRAMMING AND PUBLIC RELATIONS

The Honors Council programming and public relations committees work closely together with the executive board to plan events for the Honors College and to promote those events through social media. The programming committee plans the Honors Council events for the semester. The public relations committee creates the advertisements and flyers for these events.

## NEWSLETTER

The Honors Herald is a student run newsletter that is published twice a semester. The Honors Council supplies contributors who write, draw, report, and take photos for the publication. The Council's newsletter committee co-chairs serve as associate editors for the newsletter and ensure, with the Editor-in-Chief, that the newsletter is filled with interesting material.

## WHY YOU SHOULD JOIN

The Honors Council is looking for you, the new batch of Honors freshmen, to join us. By joining the Honors Council, you can join with the best of the best that Honors has to offer. We are the student leaders of Honors. We are looking for some of you to join us as committee members or maybe even as committee co-chairs!
