

CIGNA MEDICAL VACCINE PROGRAM

Use this helpful guide to find a participating pharmacy

Under your plan, you may be able to get the seasonal flu shot – as well as other vaccines – at your local retail pharmacy. Below is the list of pharmacies in your network that offer vaccines. Vaccines are covered under your medical benefit. Depending on your plan, your medical benefit may cover these vaccines at no cost-share (\$0) to you.*

Know before you go

You should call your pharmacy to make sure your vaccine is covered and available at that location. You shouldn't need to make an appointment to get a vaccine. Please be sure to bring your Cigna medical ID card with you when you go to the pharmacy.

Together, all the way.®

*Plans vary so check your plan materials for details, including a current list of covered vaccinations and the pharmacies included in your specific plan's network. Most immunizations for travel are generally not covered. If you use an out-of-network pharmacy, services may not be covered or may be subject to your plan's copayment, coinsurance or deductible requirements.
